January 2017

Title I News

Our COMMUNITY theme for the month of January will be “Networking.” We live in a time where the term “global society” is incredibly relevant. We will highlight how networking with others can be an effective way to convey information and solve problems. Along with other activities, we are also going to be **“Reaching through the decades”** on Fridays this month. As we enjoy this bit of fun, we will also talk about how networking has changed throughout history and never been more important than it is in our current era. Check the calendar to find the decade of the week and feel free to dress accordingly on those Fridays.

Please see the Nelson County Dress Code Policy. We must abide by the guidelines set forth in this policy, so we have attached a copy for your reference. As the weather begins to change, it is always good to review the

specifics of this policy. Athletic pants, yoga pants, or leggings are not allowed. The only exception for leggings is that they may be worn with a knee-length dress.

PTA

PTA meetings are always scheduled for the second Monday of the month at 4:30. Join us in the school cafeteria and discover ways in which you can be “a voice” within our school, make connections with other families and parents, and find ways to become involved in your child’s education! We are also in need of new officers for the upcoming year. If you are interested or know someone who would be willing to serve as a PTA officer, please come to a meeting and/or see one of our current officers for details.

BEST Days

Remember as the weather begins to become a bit more unpredictable, the district has the option to call a “BEST day” if road conditions warrant. Students will complete assignments at home and teachers will be on-call from 9:00-11:00 and 12:00-3:00 for questions. Please be sure you have the folder with directions and pertinent contact information. Your student should have brought this home last month on the 22nd.

True Colors Project

The True colors Project is a program initiated by 8th grader student, Kimberly Boone. Together with her partner, Chaselyn Ruley, these young ladies lead bi-weekly meetings with 5th grade girls. The purpose of the project is to mentor, build relationships, and empower young women. These girls work under the guidance of Ms. Tucker and leadership to provide opportunities for discussions as well as team-building activities to enjoy together. The True colors Project is a result of our school-wide OLWEUS anti-bullying program and a direct result of one young lady’s heart to serve the younger girls in our school. We are so proud of her and her team!

Wishing you a happy, healthy 2017!
